Dear Readers....!

Greetings.....!

I am pleased to inform that the department has grown in the past few months, in many dimensions, like faculty strength, intellectual domain, resources and many other. The ever pushing thrust force for IT department is its urge to achieve the Program Educational objectives. Every teacher, every resource, every course and every student of IT department in specific and VVIT in general are in the gravity to prop up in building of a new age technological world. Keeping in view of our stakeholders, we are updating ourselves, to fit to the fast changing and growing industrial requirements in the knowledge, skill-will and emotional perspectives.

So my dear Reader, before I conclude from my desk, I wish all the students to syphon-off every new logical and physical resources, to reach their goals. I once again remind you all that department of IT is committed to serve all its stake-holders as assured in all the aspects including the quality of News Letter – “*ITsIT*”. I remain.

\*\*\*Think IT-Think VVIT\*\*\*

### 5-day Online FDP on “Cyber Security” concludes at VVIT on 02-07-2021

The 5-day online Faculty development program for all aspiring engineering educators, on “Cyber Security” organized by Vasireddy Venkatadri Institute of Technology, Nambur during 28<sup>th</sup>Jun to 02<sup>nd</sup> July 2021, under the aegis of Information Technology and Computer Science & Engineering Departments of VVIT, concluded today.

Sri Vasireddy Vidya Sagar, Chairman of VIVA-VVIT Institutions, informed that Mr. Santhosh Chaluvadi, CEO & Founder of Supraja Technologies, Vijayawada, acted as the expert resource person, for this faculty development program. Sri Sagar opined that this kind of FDPs will empower the faculty with latest technological facets and there by the students at their institutes after a mirroring of the same.

The Chief Guest and Resource Person Mr. Santhosh Chaluvadi, during his 5-day FDP, informed that the Faculty members were catered with basics to advanced features related to Cyber Security. He emphasized on Cyber Security challenges that can be addressed by educating oneself with adequate knowledge, via this kind of FDPs, Workshops and seminars that explore solutions using the emerging technologies. He lauded the participants for being very swift and inquisitive in learning the objectives of this FDP. Mr. Santhosh also thanked the organizers of VVIT for providing a conducive platform for smooth delivery of content.

The Guest of Honor, Dr. Mallikarjuna Reddy, Principal of the host institute, VVIT, in this regard, informed that this kind of training programs will help the faculty to update and fulfill their thirst for advanced technology. He emphasized that VVIT is always ready to organize this kind of events to all the aspiring teaching community. Regarding Cyber Security, he stated that its most important to foresee the future cyber security challenges posed by emerging technologies like Cloud storage, AI and IoT and due to the escalating e-commerce operations after demonetization. Dr. Reddy stated that a scrupulous tuning of emerging technologies such as Blockchain, AI/Machine Learning, IoT Security Framework, Quantum Computing and leveraging Cloud and Bigdata into a security posture, can be used to combat the future Cyber Security Challenges.

Dr. Reddy also congratulated all the participants for utilizing their time wisely during the FDP to imbibe the cutting edge technological aspects in Cyber Security domain and advised them to disseminate the same to their students at respective institutes.

Convener of this FDP Dr. A. Kalavathi, Head of IT Dept, VVIT, stated that the FDP has been successfully conducted as per the schedule. She assured that all the participants achieved the objectives, with the inclusion of practical sessions which provided apt hands-on experience on various Cyber Security tactics to deal with vulnerabilities. She opined that a good progress has been made in recent years on Cyber Security, in articulating Technological solutions, making policies by Regulatory, Statutory bodies and Government, and tech-awareness camps to everyone and still needs a long way to go.

Convener of this FDP, Dr.R. Eswariah, HOD, CSE of VVIT, said that VVIT is always a step ahead in conducting this kind of FDPs every year, for the benefit of the students & faculty. He said around 100 faculty members from different engineering colleges across the AP participated in this 5-days FDP and participation certificates shall be sent to their mail-ids.

For providing the high value platform to organize this online FDP, Dr. Kalavathi, thanked the magnanimous management of VVIT, Er. Sri Vasireddy Vidya Sagar, Chairman of VIVA-VVIT Institutions, Administrative Secretary Sri S. Badari Prasad, Academic Secretary Sri M. Srikrishna, Principal Dr.Y. Mallikarjuna Reddy, Professor & Dean of Administration Dr. N. Kumara Swamy, Dean of Academics Dr. Giribabu Kande and all the faculty of CSE and IT for the materializing this event into reality.

Participants from various Institutes, expressed their satisfaction over the 5-day FDP and its meticulous session and content management and making it more practical and interactive.

Mr. Santhosh Chaluvadi, faculty members from various colleges, Dr. A. Kalavathi, HOD-IT, Dr.R. Eswariah, HoD-CSE, all CSE and IT faculty members of VVIT participated in the virtual Valedictory Function of 5-Day Faculty Development Program on “Cyber Security” which ended on 2<sup>nd</sup> July 2021.

## Student Placements

“Everyone counts” is the mantra of VVIT for Training & Placements Cell. The students of IT in their 7/8 semester of study itself got offer letters from reputed companies. It shows the commitment of the Institute, dedication of Department and potential of IT students. The placed students, includes advanced learners, average earners and even diffident learners.

The packages and roles that these students offered by the MNC’s companies, prove that they have achieved the graduate attributes. The lesson plans of individual courses through projects, laboratory viva voce examinations through company technical experts interview are meticulously planned with a missionary zeal by the system as a whole in VVIT in general and Department of IT in specific for the holistic improvement and benefit of its stakeholders.

### **Department Vision:**

To produce IT professionals who can develop globally competitive and socially useful information technology enabled solutions and products that offer cost effective solutions, for organizations, in particular and society in general, through their innovative ideas, and to create a knowledge pool through research in this field.

### **Department Mission:**

1. Producing information technology professionals for the Global IT industry.
2. Developing student centric and qualitative teaching-learning practices.
3. Establishing infrastructure that endows cutting edge technology requirements of the industry.
4. To extend service to the public, the state and the nation at large by building quality engineers.
5. To carve disciplined and socially, technologically better responsible citizens.
6. To make the students pursuing information technology the technological ambassadors of VVIT in whatever part of the world they find themselves in their future careers.

### **Program Educational Objectives (PEO'S):**

#### **PEO-1: Solid Foundation and Core Competence**

To provide the graduates with concrete base in Information Technology, to pursue higher studies and to succeed in industry / technical profession with global competence by imparting acute technical skills like designing, modelling, analyzing and problem-solving on top of solid foundation in mathematical, scientific, computing and engineering fundamentals.

#### **PEO-2: Employability & Research Spur**

To train the graduates for a higher degree of employability in both public and private sector industries at national and international level by imparting ability to Re-learn and innovate in ever-changing global economic and technological environments and to contribute effectively in research and development.

#### **PEO-3: Professional Skills and Societal Contribution**

To inculcate the graduates to have basic interpersonal skills, effective communication skills to teamwork/ lead in multidisciplinary approach, under diverse professional environments by handling critical situations through lifelong learning with an ethical attitude( administrative acumen) and an ability to relate engineering issues to broader social context.

#### **PEO-4: Real World Competency & Innovation**

To enable students with good scientific and engineering breadth and technology skills so as to comprehend, analyze, design, and create novel products and solutions for the real life problems to emerge as researchers, experts, educators & entrepreneurs.
